

Academic Support Services

At Louisburg College, we offer support to students through a variety of learning resources. We provide assistance and opportunities to help students gain skills in time management, study techniques, and test-taking strategies.

Academic Success Center

Trained peer tutors offer free academic support and assist with specific course assignments.

Writing Center

The Louisburg College Writing Center offers a relaxed, supportive environment for students with a diverse range of writing abilities.

Science Center

Run by the Science Department, the Center provides a positive, caring, supportive, and encouraging academic environment for student learning.

Math Lab

Louisburg College created the Math Lab to provide a nurturing environment that encourages questions and dialogue among instructors and students.

Reading Lab

The lab provides students with a separate, quiet place with the necessary computer hardware to complete lessons on the college's reading plus program. Students work at their own pace and their reading comprehension levels.
